TAFT TAKES HAND

President Now Central Figure In Tariff Adjustment.

INCOME TAX UP TO STATES

Every Democrat in House Voted to Submit Constitutional Amendment to Legislatures—Twitted RePublicans.

(By Wire to the Morning Star.)

Washington, July 12.—At a conference at the White House today it was definitely decided that the rate to be levied under the new corporation tax shall be reduced from 2 per cent. to 1 per cent. and that in re-drafting the measure now in conference, along with the tariff bill, due consideration will be given to the demand of the mutual life insurance companies, whose incomes would have been seriously affected.

President Taft was the central figure in a number of conferences today and is living up to the prediction made many weeks ago that in the conference consideration of the tariff bill he would actively lend his influence to conciliate all differences.

The conference report should be available, according to the President's best information, by the end of next week.

As to the mutual insurance companies, it is said the re-drafted bill will be so arranged that the tax shall fall upon stockholders' profits and allowances will be made for annuities and other long term outstanding contracts.

The tariff conferees made satisfactory progress today in spite of the fact that the House members were compelled to be absent much of the time on account of the session of the House. Thus far, however, the amendments agreed upon in the chemical, earthenware, metal and wood schedules have been of minor importance.

Determined opposition was shown by the House conferees to the increase from 1 1-2 cents to 2 1-8 cents a pound, which the Senate made on lead bullion. As a result this schedule was held up.

The paragraph relating to electric light carbons, which threatened to give trouble, was postponed. The Senate changed the duties from ad valorem to specific and the House conferees contend that the rates were thereby increased. The same is true of window glass on which the Senate fixed a graduated tax according to sizes.

The more important subjects passed over in the metal schedule are iron ore, lead bullion and zinc ore and bullion. There are a large number of amendments relating to finished products of these ores that cannot be disposed of until the main subjects are settled.

Iron ore was placed on the free list by the House and made dutiable at 25 cents a ton by the Senate. The Dingley rate is 40 cents a ton. The general impression is that the Senate will make a concession to the House and that as a compromise the rate may be fixed at 10 or 15 cents a ton.

The House provisions for free hides, which was struck out by the Senate and the existing rate of 15 per cent. ad valorem substituted, and for $1 lumber, which rate was materially increased in the Senate, will be the subjects of contest. It is not likely, however, they will be reached this week.

The amendment adopted by the Senate providing for the establishment of a customs court is likely to be accepted by the House conferees. It was said today that the more the House conferees study the plan, the more they favor it.

The terms of the Senate maximum and minimum provision are meeting with some favor from the House members of the conference committee, and the indications are that it will be accepted after some minor changes have been made. This feature provides that the maximum rates which are fixed at 25 per cent. above the import duties prescribed by the bill, shall go into effect on March 31 next, unless the President by proclamation in the meantime shall have released countries from the higher rate. These proclamations are to be issued only upon receipt of evidence that the United States is receiving the best rates given by such foreign country.

It is authoritatively declared that as to maximum and minimum, the President is in favor of the administrative feature of the Senate bill. It is considered to be less drastic than the House provision, which has been characterized in the Senate as retaliatory in its nature, whereas the Senate provision is an attempt toward reciprocal trade agreements.

That cotton bagging, which was put on the free list by the Senate is to remain undutiable is one of the first predictions made in regard to the proposed action of the conference committee on the tariff bill. Jute and jute butts, from which cotton bagging is made, have been transferred to the dutiable list by the Senate, but as jute was on the free list in the Dingley bill, as well as the Payne bill, the duty probably will be taken off in conference.

Another prediction made with regard to the action of the conferees, is that the duty on coal, which is 60 cents in the Senate bill as compared with 67 cents in the existing law, will be finally agreed upon at 40 cents in conference.

The President will not allow himself to be quoted at this stage of the tariff proceedings, feeling that it would be more harmful than helpful.

As to the application of the corporation tax to holding companies, the President is represented as believing that the tax paid by the issuing corporation is sufficient without taxing the dividends of holding companies which are paid from the dividends of stock held.

Income Tax Up to Legislatures.

It is now up to the Legislatures of the several States to say whether there shall be an income tax amendment to the constitution.

By the decisive vote of 317 to 14, more than the necessary two-thirds; the House today passed the Senate joint resolution on providing for the submission of the question to the States. The negative votes were all cast by Republicons. No amendment having been made to the resolution, it now goes to the President for his signature.

Practically four hours were consumed in debating the proposition, and this afforded many members, mostly on the Democratic side, an opportunity to air their views. Adjournment was taken at 5:30 P. M. until Thursday.

To be advertised things is coming to be a fired habit of the people—and its a profitable habit, too.

SHOCKING MURDER AT SELMA

Step-father Killed at Selma, N. C., by Girl Whom He Threatened—Crushed His Skull With an Axe.

(By Wire to the Morning Star.)

Raleigh, N. C., July 12.—Joe Pulley was chopped to death with an axe while he lay sleeping in his home near Selma, early today. Pulley's 12-year-old step-daughter, Marie Pulley, is charged with the killing. Pulley's threat that he would whip the girl and drive her from home is understood to have furnished a motive for the killing.

Pulley lived several hours after his skull had been crushed in several places.

A special to the News and Observer from Selma says:

"It seems that the girl had been for a couple of years treated unmercifully by her step-father, and was in mortal fear that he would kill her. Last night after he had told her that he would whip her half to death this morning, and then drive her from home, she planned to kill him. This morning, while he lay sleeping on a pallet, she went into the yard, got an axe and struck him twice, crushing his skull. He lived, however, with brains oozing from six holes in his head, until 3 o'clock this afternoon.

The wife, who was his third, seemed hardly to realize what had happened, or the enormity of the crime. The girl is not her daughter, but the alleged illegitimate daughter of the man's second wife.

Joe Pulley, it is said, has been engaged at various times in his life in an illicit distillery, and has to his credit the killing of four men, and lately he has sold most of his furniture and household goods, saying he was going to send his wife and two children to their former home in Pender county, and leave the girl, Marie, in Neuse River swamp until he could get even with two of his enemies.

The cost of getting a new boarder is not often greater than the cost of one insertion of a Business Local. Sometimes two or three insertions are needed.

OUTLINES.

President Taft is taking a hand in adjusting the tariff differences between the Senate and the House; the tax of 2 per cent. on corporations will be reduced to 1 per cent. It is probable that the duty on lumber will be put back to $1 per thousand feet, and on coal to 40 cents per ton——The House yesterday submitted to the Legislatures the question of amending the constitution, authorizing an income tax; every Democrat voted for it, and the Republicans were again scored for stealing Democratic thunder——Fourteen men went down to watery graves yesterday morning in a steel steamer which was sunk by another vessel on Lake Superior——At the trial of Ella Gingles in Chicago yesterday, the girl said the charge of larceny against her was trumped up to cover an attempt to sell her into white slavery. Women gained admission to the court through forgery and trickery——Twenty persons were injured by a tornado in Butler county, Ohio, yesterday——New York markets: Money on call easy 1 5-8 to 2 per cent., ruling rate 1 3-4, closing bid 1 3-4, offered at 1 7-8; spot cotton 30 points higher, closing quiet at 13.10; flour quiet and steady; wheat easy, No. 2 red old 1.45 nominal in elevator and f. o. b. afloat; corn easy, No. 2 old 80 in elevator; oats steady, mixed 57 nominal; turpentine firm at 50; rosin quiet.

FOURTEEN DROWNED

Two Steel Steamers Collide on Lake Superior.

ONE SANK IN THREE MINUTES

Most All of Crew and 8,000 Pounds of Iron Ore Went to Bottom—Heavy Fog Responsible for the aCtastrophe.

(By Wire to the Morning Star.)

Sault St. Marie, Mich., July 12.—Three minutes after the steel steamers Isaac M. Scott and John B. Cowle had collided in Lake Superior early this morning about a mile and a half off White Fish Point lighthouse, the Cowle had gone to the bottom in 50 fathoms of water carrying with her 14 members of her crew. The Scott, although badly damaged, put back to this port, where she arrived this afternoon with part of the crew of the Cowle.

A heavy fog was responsible for the collision. The Scott, a new boat, was on her maiden trip to the head of the lakes. The Cowle was down bound with 8,000 tons of iron ore in the hold.

When the crash came, for 15 feet the bow of the Scott penetrated the side of the Cowle. In three minutes the Cowle had settled to the bottom of Lake Superior.

A line was thrown from the deck of the Scott to the forward deck of the Cowle and three members of the crew escaped by this means. The rest of the crew who were saved jumped into the lake, some without life preservers, and were picked up by the Scott and the steamer Goodyear, which was a short distance astern of the Scott when the collision occurred.

Captain Rogers of the Cowle was one of those who were rescued. Until Captain Rogers returns here it is impossible to secure the names of the men who perished with the Cowle.

The Scott received serious injuries in the collision, which would probably have sent her to the bottom also, if she had been loaded.

The John B. Cowle was 445 feet long, 50 feet beam, and owned by the Cowle Transit Company, of Cleveland. The Cowle went into commission in 1902.

THAW'S CHANCES BRIGHTER.

District Attorney Jerome Eliminated From the Trial.

(By Wire to the Morning Star.)

White Plains, N. Y., July 12.—If counsel can agree, a commission of three alienists, mutually selected, will pass upon the question of Harry K. Thaw's sanity. This was practically decided before adjournment today at a continuation of the hearing before Justice Mills in which counsel for Stanford White's slayer is trying to establish his right to release from the asylum for the criminal insane at Matteawan.

With all of today's testimony in favor of Thaw and with the indication that his wife Evelyn Nesbit Thaw, will take the stand in his behalf; with District Attorney William Travers Jerome eliminated, Thaw's chances for release appear brighter than at any time since his commitment.

After a string of witnesses who testified to Thaw's soundness of mind had taken the stand today Roger Clark, deputy attorney general, who is conducting the people's case, informed the court that he had been so much impressed by Thaw's intelligent interests in the issues at stake, that he was willing to concede Thaw's right to a full and impartial examination.

"SHAKE-UP" IN WASHINGTON.

100 Employes of Department of Commerce and Labor Lose Positions.

(By Wire to the Morning Star.)

Washington, July 12.—The greatest "shake-up" that ever has occurred in the personnel of the Department of Commerce and Labor took place today when approximately 100 employes were reduced and the resignations of about 10 others accepted.

This action was taken by Secretary Nagel as the result of an investigation into the "efficiency record" of the employes in his Department. Further reductions are to be made and resignations asked for, it was intimated today, as soon as Secretary Nagel completes his examination of the efficiency report.

As a result of reports made to Secretary Nagel by his bureau chiefs it was found that about 9 to 10 per cent. of the clerks were found to be deficient to a greater or lesser extent. A strange feature of the matter is that since the reports were made the efficiency record of the employes in the Department has increased about 30 per cent.

It is believed that war between Peru and Bolivia is imminent because of the disorders at La-Paz following the decision handed down by Argentina in the boundary dispute between the two countries. The Chilean admiralty said yesterday that Chile would remain neutral, but she is preparing to send warships for the protection of Chilian interests.

Wilmington continued its winning stride in the first game with Rocky Mount on the latter's grounds yesterday afternoon, score 5 to 1, and with the loss of a game by Wilson to Goldsboro and another by Raleigh to Fayetteville, the percentage column presents a very interesting study for the bugs, who are freely predicting that the Sailors will be in the first division by the end of the present week with the five games yet to play with the luckless Railroaders.

Hyames, the new Sailor shortstop, was tried out yesterday afternoon and though two errors were credited to him, the fans are willing to suspend judgment until he has had time to get in good form. Ashton was serving for the locals yesterday and held his adversaries down well, while Waymack, for Rocky Mount, appeared to have been batted almost at will. Capt. Smith was not in the game, Levy taking right garden, showing up in his old-time form with the willow. With another strong pitcher now being negotiated for in the person of Mayberry, last year with Wilson and this season with Danville, Va., the Sailor lads will be in position to win consistently to the end.

Wilmington started the runs in the very first inning when Nichols was hit by pitched ball and ambled to first; Guerrant then bunted to pitcher, who fumbled and both runners were safe, Nichols taking third; Guerrant was out trying second, but Levy, next up, singled to left homing Nichols; Brodie was then hit by a pitched ball but Sharp fouled out to catcher and Jayes fanned. James led off for Rocky Mount with a single to centre, but Ashton whiffed Libby and Lambert in quick succession while Murray flew out to Brodie.

Kite and Ashton fanned while Hyames, the new shortstop, flew out to short in Wilmington's half of the second. For Rocky Mount, Walsh was out second to first; Lancaster was safe on error of Hyamas, but Mangus flew to right and Thorpe fouled out to catcher.

In the third Nichols flew to centre; Guerrant singled past third but spoiled it with an attempt on second; Levy was safe on error of third base, bue he too was out trying second. For Rocky Mount, Waymack and James were out second to first and Libby flew out to short. O'Gara relieved Libby in left field for the next inning.

Wilmington bunched two-base hits in the fourth without avail. Brodie laced one to right for two cushions first up, but Sharp forced him at third and then Sharp was out trying to purloin second; then Jayes hit for another double, but Kite was out short to first. For Rocky Mount Lambert was out pitcher to first; Murray and Walsh flew to Jayes.

In the fifth Hyames, the new short, hit to pitcher and was safe on error of first; Ashton sacrificed him a peg, but Nichols and Guerrant were out from short. For Rocky Mount, after Lancaster flew to Jayes, Mangus singled past short and stole second after Thorpe flew to Jayes; Waymack walked but James flew to short.

One Mr. Levy, the tall boy, broke up the game in the sixth when he hit a screamer to right for three bases, the ball all but bounding over the fence and after Brodie had fanned, came marching home on Sharp's safety to right; Jayes was safe on error of second and then Kite hit a scorcher to centre for an extra peg and Sharp scored; Hyames bunted safely and Jayes passed under the wire about the environs of home plate, Kite next scoring on Ashton's long fly-out to centre; Nichols flew to centre. O'Gara for Rocky Mount drew a pass and Lambert flew to Jayes; Murray hit to short too hot to handle and Walsh laced out a double to left but Jayes was quick as lightning and O'Gara was caught at the home plate; Lancaster flew to left.

In the seventh Guerrant and Levy were out short to first; Brodie walked and stole second, but Sharp was out second to first. After Mangus was out, pitcher to first, Railroaders Thorpe and Waymack beat at nice ones from Twirler Ashton.

Jayes opened the eighth by fanning; Kite singled over second but Hyames and Ashton were out on flies to the infield. Rocky Mount saved itself a shut-out in its half when James was safe on an infield hit and after O'Gara flew to second, Lambert was safe on an error of Hyames, while James came home on Murray's single over third; Walsh flew out to left and Lancaster singled to left filling the corners, but Mangus ended it all by flying to Sharp.

In the ninth after Nichols fouled out to first and Guerrant flew to right, Levy singled to left, Brodie was given a pass, but Sharp flew to right. All three Railroaders were out on flies to left and centre.

Anderson Knocked Out.

Wilson, N. C., July 12.—Although Wilson lost its fourth straight game this afternoon, the Tobacconists are still of good cheer and will pull hard to hold the top. Anderson was in the box for the locals and the first man walked, five hits being then bunched for a total of five runs. Ferrell relieved Andy as fate seemed to be against the "spit ball" artist and he held the visitors pretty well. The grandstand and bleachers "had it in" for Umpire Cooke, throwing all kinds of fragrant bouquets in his direction, but the Tobacconists themselves and President Washington think that he broke in very nicely. It was not the ump so much as it was failure to connect with Otis. Score:

ENSIGN MET A TRAGIC DEATH

Hugh S. Aiken Killed in Explosion Aboard Cruiser North Carolina at Naples—Others Badly Injured in Accident.

(By Wire to the Morning Star.)

Washington, July 12.—Ensign Hugh K. Aiken, of the Navy, died aboard the armored cruiser North Carolina at Naples last night from injuries resulting from a coal gas explosion. He was born in New Orleans in 1884 and entered the naval service in 1902.

Peter Mullan, of Brooklyn, N. Y., also was injured slightly at the time of the explosion.

Ensign Aiken was one of the best known members of the foot ball team while at the Naval Academy.

Naples, July 12—Later developments in the explosion on board the North Carolina indicate that the accident was of a graver nature than the officers of the cruiser cared to admit.

Corporal Maloney, also was badly injured in the explosion, it being stated that he was completely blinded in both eyes. Several other men were wounded but less seriously.

An enormous quantity of gas had been generated by the 300 tons of coal in the hold and naval officers are at a loss to know why Aiken permitted a lighted candle to be taken into such a dangerous place. Immediately on the explosion almost was given and the commanding officer with a force of men stamped out the fire which otherwise might have communicated to the powder magazine. Aiken was terribly burned about the body and head. The North Carolina being anchored at the end of Santa Lucia Harbor, half a mile from the docks, the explosion passed unnoticed.

CHICAGO SENSATION

Irish Lace Maker on Trial on The Charge of Larceny.

SHE SAYS MAN POISONED HER

Declares Charge Her is Attempt to Cover Up Attempt at White Slavery—Women in Court Through Trickery.

(By Wire to the Morning Star.)

Chicago, Ill., July 12.—Ella Gingles continued to bask in the white light of public interest today. Judge Bretane's courtroom, where the young Irish lace maker is on trial for the larceny of lace from Miss Agnes Barrette, her former employer, a charge which she declares was made only to cover attempts to lead her into "white slavery," was jammed with women, several of whom obtained entrance through trickery and forgery of passes, it is said.

The State today dealt the defense several telling blows. The story of the Wellington Hotel bathroom incident was impeached in many important features. Attempts of counsel for the defendant to bring into the case the names of well known men, said to be behind the alleged plot against the girl met with failure.

Dr. Arthur Price, a medical expert, gave testimony tending to support the theory that the girl is suffering of hysteria. Dr. Price saw the girl at the hospital after she was found injured in the bath room. He expressed the opinion that her wounds were self-inflicted.

After a brief cross-examination by Attorney O'Donnell, Miss Gingles was called before Dr. Price and asked to bare her knee.

"I object to this half disrobing of this young woman," said Prosecutor Short. He was sustained.

Examining scars on the young woman's arms, Dr. Price said that they were more severe wounds than many he had found on the girl.

Miss Anna Williams, house detective at a department store, testified that on January 3rd she saw Miss Gingles steal some goods from the store and that later the girl signed a confession.

Miss Mary Renick, chief maid at the Wellington Hotel, said that when the door to the bath room in which Miss Gingles was found, the morning of February 17, finally was opened, Miss Gingles was lying on the floor with her hands tied behind her head.

"There was a string around her wrists and her feet were tied with a stocking. I asked her who she was, and she did not reply. I asked her who I should notify and she replied: "Captain O'Brien" (chief of detectives.) Then I asked her what was the matter and she started to scream that a man had poisoned her and that a woman was with him. I asked her how they had poisoned her and she said that she had been drinking wine. Then the Doctor came."

"What kind of a cord was she tied with?" asked Mr. O'Donnell.

"Department store, about one eighth of an inch thick."

"Was she gagged?"

"No."

"Didn't you see a towel around her face?"

"Yes."

When court adjourned the prosecutor declared that he had five more witnesses. The case is not expected to reach the jury before Friday.

KNIGHTS MEET IN ASHEVILLE.

High Rank of Pythians From All Sections of Country There.

(By Wire to the Morning Star.)

Asheville, N. C., July 12.—After "crossing the sands of many States" the fez-capped Knights of the Imperial Palace of the Dramatic Order of the Knights of Khorassan pitched their tents in this city tonight, for the ninth biennial convention. All sections of the country with the exception of the Pacific States are represented.

The convention opened tonight at the auditorium with an address of welcome by the Mayor of the city, responded to by Walter F. Breen, of Watertown, N. Y. The Knights were welcomed in behalf of the State by State Senator Whitehead Klutz, of Salisbury, N. C., W. B. Richie, of Lima, O., responding. Later there was a reception at the Battery Park Hotel, tendered by the Imperial officials to all Khorassans and Pythians.

The Imperial parade tomorrow is one of the features of the week's programme.

POLITICAL RUMBLINGS.

There is an undercurrent of belief in this State that warm political times are to be witnessed in North Carolina. First of all, it is believed that there is to be a warm fight inside the Democratic ranks, especially over the United States Senatorship and some of the other more important offices. That there is some sort of impression abroad is evinced by a discussion of some of the probabilities in the Charlotte Observer. From an article in that paper we take the following:

"It is probable that the Senatorial fight three years hence, if fight there is, will command the undivided interest of practically all of the leaders, so much so that the gubernatorial nomination will not be as sharply contested as it was last year. As stated, this will depend on what develops. While the signs of the times presage war, and all superficial indications point to stirring times ahead, there are others, mostly of the conservative, thinking class, who maintain that the present opposition to Senator Furnifold M. Simmons will resolve itself into thin air before the next two years elapse. They make bold to assert that ex-Governor Charles B. Aycock will not oppose him for the reason that the two men have been firm, fast friends for years, that their political connections are largely recruited from the same source and that any contest would bring about an overturning of established political affiliations and connections which would result in nothing but protracted strife and ill feeling. The two men they say have labored side by side too long to enter into deadly warfare at this late day, which fact both men recognize and appreciate fully. The political lottery gave one the governorship and the other a seat in the National Congress in Washington and they say it would hardly be construed the part of one man to displace the other should he desire re-nomination.

"This leaves the field to Congressman Claude Kitchin or his brother, Gov. W. W. Kitchin, both of whom are said to have their eyes on the Senatorship. While it was generally believed during the last gubernatorial campaign that Mr. W. W. Kitchin would try for the Senatorship should he be elected Governor, it is now believed that Congressman Claude Kitchin is the man for the place, and that Governor Kitchin will do all in his power to bring about his election. Holding the office he does, and possessed of such mental powers as he displayed in the last campaign, he could render invaluable assistance if he so desired and it is safe to assume, being of the well-known family, that he desires.

"It is hardly believed, however, that sufficient opposition could be stirred up against Senator Simmons to justify a fight against him at this time. While some have said that he was dead politically, this declaration has come from those whose hearts are set upon such a thing. That he has been very much alive in Washington has been attested by the many important measures and concessions he has secured for the South, particularly in matters of tariff legislation. Senator Simmons was more influential than any other Southern Senator in securing free ammonia, which is the most expensive ingredient in fertilizers; he is entitled to large credit for getting the committee to consent to free cotton bagging; he made a speech against the glass schedule in the bill, showing that it was controlled by a trust, and had the schedule reformed and glass put upon a tariff for revenue basis; he was influential in getting the finance committee to reduce the tariff on ties and made a speech against the razor schedule, which was largely responsible for its reduction. In fact Senator Simmons has been able to achieve great things for the South and North Carolina in particular.

"What if he did vote for free lumber? The free list is an exception to the policy of both parties, the Republicans standing for high protection and the Democrats for tariff for revenue only. Both parties have always had a free list which is made up of items which are empirical exceptions of each party. And because one man voted for a special item on the free list, appreciating the changed conditions, is this enough to annul all other achievements?

"Senator Simmons, although he has been in the Senate but a comparatively short time, holds important positions on the finance and commerce committees, the committees on which the lamented Vance and the honored Ransom achieved so much and in addition to this is on the committee on agriculture and the steering committee and is a member of the waterways commission. Can it be said that the intelligent people of the State will allow a man so influential and capable of doing so much for the Commonwealth and the South generally to be displaced because one man of one family already so signally honored desires his place?

"While many hold that there will be no fight, should it come, it will be one long to be remembered."

We refuse to regard as the least sensational the fact that there are North Carolinians who aspire to big offices. Ambition is to be commended, but it is owing altogether to what methods men will adopt or stoop to in order to attain the height of their ambition. To aspire to distinguished positions and win them fairly and honorably is perfectly admissible, but ambitious gentlemen are warned in time that underhanded work will do the party harm, for we are half-minded that it will take a united party in the next election to make North Carolina safe for Democracy.

The offices do not belong to any men or any set of men and if these are gentlemen who want to hustle for them, that is their privilege and business. However, it is the duty of the party to pass on the merits and demerits of the aspirants, but up to this time we fail to see anything in the situation to "fight" over—even in Senator Simmons' case. To pick a few flaws in the Senator's record on the tariff where there is so much of it that the people will heartily endorse, will be playing poor politics.

CORPORATIONS SQUEALING.

The Star's Raleigh correspondent says in Sunday's paper:

'Every day brings a new set of men here from various parts of the State to appear before the Corporation Commission seeking relief from what they plead is excessive tax assessments on corporations they represent."

When the Federal Government adds its tax to the taxes already levied by the States it will make the corporations sit up and take notice. However, if the government is to tax corporations, here goes a prediction that sooner or later the Federal government will shake the States loose from the corporation tax and leave it all for the Government, just as is the case now with the tariff duties.

Judge Parker is credited with saying that the corporation tax is a dodge to get all corporations under Government supervision, and it is noticed that the corporations are not doing much kicking up to this time.

However, it is wired from Washington that the United States Treasury officials have received information of the intention of the corporations of the country, notably certain large ones in New York, to make a thorough test of the constitutionality of the corporation tax.

Ex-Commissioner Bingham, of New York, who was suspended by Mayor McClellan, has gone to Nova Scotia for a Summer trip. He says when he comes back he will hereafter be a Republican. He is like a great many other men who are loyal to their party as long as they can get to the feed trough but will get out when the swill is not on tap. It is always good riddance when any party is deserted by a man whose politics is based on selfishness.

In London on Saturday the Austrian embassy announced the engagement of Prince Miguel, of Briganza, and Miss Annie Stewart of New York. Mike l sthe eldest son of Don Miguel, pretender of the throne of Portugal. Miss Stewart will have a divvy in an estate worth $30,000,000 and when the Prince's friends congratulate him he knows what they mean.

A Washington review of the tariff situation indicates that the House is so nearly in accord with the Senate's high tariff schedules, that it can be proclaimed now that "revision downward is a myth." We believed that even while the campaign was going on, and it has turned out that we didn't myth it very far.

"The language of the devil is a sneer," says the Memphis News-Scimitar. Has the editor of that esteemed paper been in such close company with him as to enable him to speak from personal observation?

It is said there is a New York man who can talk 65,000 words an hour. It depends, however, as to how many hours he can hold out whether it would be safe to bet on him in an argument with a well equipped suffragette.

Physicians declare that the bacillus of the sleeping sickness "has been found in a plant of the Euphorbia family." We know tnat no Wilmington people will recognize any such family.

CURRENT COMMENT.

—The two North Carolina men who were killed in a fight over a keg of liquor could hardly be blamed, considering how scarce the stuff is even in small quantities.—Norfolk Landmark.

—Five years ago France ranked next to England as a naval power, with Germany coming third. Now, according to a member of the Chamber of Deputies, the United States ranks second, the German navy third and the French navy fourth. That being true, two nations have passed France in navy building in five years.—Savannah News.

—More than 2,000 people in Chicago are on the tenter hooks of anxiety because they don't know whether they are married or not. They went through the form of getting married and assumed all of the obligations of matrimony, and justices of the peace officiated at the ceremonies. Now, it seems, justices of the peace have no authority to marry people. They were stripped of this power when all jurisdiction in civil and criminal cases was taken from them by the State law establishing municipal courts in Chicago. It is probable that the Legislature will be asked to pass an act legalizing these doubtful marriages.—Savannah News.

—People often wonder, particularly those who have traveled for hundreds of miles through the corn belt, what becomes of the corn which is grown every year. In the year 1908, when the total crop was 2,666,000,000 bushels, 241,000,000 bushels were consumed in flour and grist mill products, 8,000,000 bushels in the manufacture of starch, 9,000,000 bushels for malt liquors, 17,000,000 bushels in the production of distilled liquors, 40,000,000 bushels for glucose, 190,000,000 bushels for export and 13,000,000 bushels for seed, making a total of 518,000,000 bushels, or 19.3 per cent. of the entire crop. The remaining 80.7 per cent., or 2,118,000,000 bushels, seems to have been used almost entirely for feeding.—Kansas City Journal.

TWINKLINGS.

—"It's a paradoxical world." "Yes?" "Yes. Some folks living in flats find life sweet, and others living in suites find it flat."—Cleveland Leader.

—Hiram Hayrick (in a cheap city hotel)—My, boy, there ain't no bell in this here room. Bellboy (tough)—Aw, well, den, ring a towel.—Exchange.

—"You have a nightkey?" "Of course," answered Mr. Meekton. Only I'm so careless that Henrietta keeps it locked up in the safety depos it so that I won't lose it."

—Miss Saphron—Do you sell anything to restore the complexion? Chemist—Restore! You mean preserve, miss. (Deal to the amount of 17s. 6d immediately executed.)—The Tattler.

—"Want your future told?" asked the seeress. "No," replied the plain clothes man, "I just dropped in to foretell yours, you are going on a journey." 'Are you a clairvoyant?" "Nope, I'm a cop, and the new vagrancy law has put you oue of business."—Houston Post.

—Gunner—You can't get the best of those blamed baggage smashers. I labeled my trunks "China" and thought they would handle them with unusual care. Guyer—And did they? Gunner—No, but blamed if they didn't ship the trunks all the way to Shanghai, and I hanven't seen them since.—Chicago News.

S.S.S. NATURE'S TONIC

The very great majority of persons need a tonic in the Spring or early Summer. The system undergoes a change at this season and the entire physical machinery is disturbed. The general bodily weakness, a tired, worn-out feeling, fickle appetite, poor digestion, a half sick feeling and a general run-down condition of the system, show that the blood is weak or anaemic, and a blood purifying tonic is needed to build up the deranged system and enrich the blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the long, hot Summer. Many people have put off using a tonic until the system became so weakened and depleted it could not successfully throw off disease germs, and have paid for the neglect with a spell of fever, malaria or some other debilitating sickness. S. S. S. is Nature's ideal tonic. It is a composition of the extracts and juices of roots, herbs and barks which science and experience have proven are best fitted for a tonic to the human system. It contains no minerals of any kind and is therefore perfectly safe for persons of any age. S. S. S. tones up the stomach and digestion, rids the system of that tired, worn-out feeling, and imparts vigor and strength to every part of the body. It purifies and enriches the blood, stimulates the secreting and excreting members to better action, quiets the overstrained nerves, and makes one feel better in every way.

DAY'S DOINGS IN RALEIGH

Delegates to International Taxation Conference—Wake Superior Court in Session—Railroad Traffic Blocked.

(Special tSar Telegram.)

Raleigh, N. C., July 12.—Among the delegates appointed by Governor Kitchin for the third annual International Conference of State and Local Taxation, at Louisville, Ky., September 21 to 24, are Jno. T. Brittain, Ashboro; R. T. Poole, Troy; D. L. Carlton, Kenansville; Willis P. McAllister, Lumberton.

The Governor also adds Dr. J. A. Holmes to the North Carolina delegation of the 17th annual congress on irrigation at Spokane, Wash., August 9th to 14th.

Washington Whitaker was arraigned for his life on the charge of entering the residence of W. K. Collins, in West Raleigh at night, and shooting three times at Mrs. Collins trying to escape with an infant in her arms, in Wake Superior Court today. The trial will begin next Monday. Hannah Harris was arraigned for life for entering the residence of A. Dughi, attempting to take the life of Mrs. Caswell, housekeeper, for dismissing her as cook.

Both Southern and Seaboard Air Line traffic was tied up for more than six hours here today by northbound Seaboard passenger train crashing into Southern freight No. 135 at Cary where the two roads cross. It was a 40-car freight and the Seaboard passenger engine struck about the middle car loaded with lumber. The most serious damage was to the engine, which was badly done up. The lumber car was demolished and several others injured. The freight was standing, else the damage would have been far greater. Engineer Craddock, of the Seaboard, was slightly injured.

"I had far rather see whiskey manufactured and sold in every part of the State without restraint than to have this State prohibition law on the statute books without enforcement." declared Judge W. R. Allen, of Goldsboro, here today in convening Wake criminal court for a two weeks' term. He was delivering his charge to the grand jury and was urging on the jury the importance of the enforcement of law. Laws unenforced, he declared, breed disregard and contempt for law. He urged the jurors to, without regard to their personal views on prohibition, whether for or against it, to make diligent investigation the county over as to violations of State prohibition. The great majority of the people had voted for the law and there was nothing for good citizens to do but to unite in efforts for its enforcement.

This court has on its docket nine capital cases to try, three being murders, four burglaries and two criminal assault.

President Hill, of the A. & M. College, announces that the college management is anxious to enroll 25 young men who are willing to work and go to the college at the same time, the plan being for the young men to work on the farm one week and attend classes one week alternately, all the work on the college farm, the college dairy and the college orchards to be done in this way, and their practical training completed in two years. They will not be graduated, but they will be well trained for farm management and equipped to assume the management of the best farms and dairies of the country. Such men, Dr. Hill says, are in demand all over the South and this sort of training so easily in the reach of the poorest young men, should be a great boon for many.

WORD FOR DAWSON STREET

Says Aldermen Have Overlooked Badly Needed Improvements.

(Communicated.)

Board of Aldermen, Gentlemen:

It seems as if you have overlooked Dawson street improvement, where it is so much needed. If you all are looking out for the welfare of the general public, Dawson is a street with a hydrant on each corner. The fire apparatus could come around Sixth street and fight fire on the south and north of Dawson and if Wright street is improved the hydrants will still be the same, practically no good. There is 95 pet cent. more business done on Dawson than Wright. Gentlemen, if you don't think this is so, get the petition which was put before the Board and turned away without being read. Chief Schnibben and about 75 of the best business men in the city signed it. Now if the low place at Second and Dawson will cost more than will be justifiable why the improvement could be made from Wright to Third and from Thir to Dawson, and then belt in with Sixth, Seventh and Eighth with as little cost as Wright street would with Sixth. Mayor MacRae says he will survey free. This is perfect satisfaction to us."

"CITIZEN."

—Now that the torridity of midsummer is upon us, let me recommend to your readers a very simple, harmless and effective device for getting and keeping cool on warm nights. An ordinary rubber water bag half filled with cold water placed as a pillow under the head on retiring in about five minutes reduces the temperature of the whole body sufficiently to insure several hours of comparative relief and comfort. On extremely hot nights the water becomes tepid sooner and may have to be changed once or twice, but the ensuing comfort more than compensates for the trouble. Iced water is, of course, more immediately effective than ordinary cold water, but it should be used with caution and is not recommended, except with the permission of a doctor.—New York Sun.

A Night Rider's Raid.

The worst night riders are calomel, croton oil or aloes pills. The raid your bed to rob you of rest. Not so with Dr. King's New Life Pills. They never distress or inconvenience, but always cleanse the system, curing Colds, Headache, Constipation, Malaria, 25c at R. R. Bellamy's.

Buy This Piano On Rental Terms

THE **Mathushek** Piano, while a very high grade instrument, is within the easy reach of every home. In fact, so small are the monthly payments required for its purchase *that it is like buying a piano at rental rates.*

A remarkable feature of the **Mathushek** Piano is that it is built to withstand the trying southern climate—and therefore *any* climate. The patent sounding board and tuning pins are so constructed that no matter how damp or hot the weather may be, or how dry the air of the room, the splendid tone of the **Mathushek** remains unimpaired.

AND it is tonal quality, after all, that proves the worth of any piano.

OTHER advantages of the **Mathushek** Piano are the quick, responsive action, the Sostenuto or Tone-Sustaining Pedal and the Improved Muffler or Soft Stop, all combining to produce and maintain a unique musical efficiency.

THE **Mathushek** Piano requires but little tuning.

STYLE 20, shown above, is well worth $600 according to other piano standards. Its price is only $450, and purchase can be arranged $25.00 down and as little as $10.00 a month thereafter. Your old piano taken in part payment.

THE **Mathushek** Piano has been made for 40 years. Forty thousand in use the world over.

The city attorney was asked to gather certain data needed and definite plans will be considered at a later meeting.

SUNDAY TRAIN TO NEWBERN

Schedule Amplified for Benefit of Beach Excursionists.

It is announced that effective next Sunday, July 18th, and continuing through the Summer season, daily passenger service including Sunday, will be inaugurated on the Wilmington & Newbern branch of the Atlantic Coast Line for the benefit of those who desire to spend Sunday at the beach. The Sunday train will leave Newbern at 7:30 A. M. and arrive at Wilmington at 10:30 A. M., returning, leave Wilmington at 7:15 P. M. and reaching Newbern at 10:40 P. M. The Atlantic Coast Line announces the remarkably low rate of $1.50 from Newbern to Wilmington and return with corresponding rates from intermediate points for this train only. There will be no change in the schedule on regular week days. The Sunday train will handle neither mail nor express.

Later it is expected that the Passenger Department of the Coast Line will announce cheap week-end excursions from points in South Carolina to Wrightsville Beach similar to those now being run by the Southern and Seaboard from Columbia to Charleston and Tybee. There are now in effect very low Sunday rates from Wilson and Goldsboro to Wilmington, $2 from the former and $1.50 from the latter point, this rate corresponding to the Norfolk & Southern rate to Morehead City.

A SURPRISE MARRIAGE

Mr. Thomas R. Ames and Miss Minnie Loftin Wed at Mullins.

The marriage of Mr. Thomas R. Ames and Miss Minnie Loftin, a popular young couple of this city, which was solemnized at Mullins, S. C., Sunday was learned of here with surprise and pleasure by their many friends.

Miss Loftin is a sister of Mrs. D. Rountree and for the past week had been visiting at Fair Bluff. She was joined by the prospective groom from this city on Sunday morning and they drove to Cerro Gordo where they boarded a train and went to Mullins. They were married by Rev. Mr. Daniels, pastor of the Methodist church, and leaving there shortly afterwards arrived in Wilmington on the late train Sunday night.

Mr. Ames is a bookkeeper at Delgado Mills and his bride is an accomplished young lady, both having many friends in the city who extended them happiest congratulations.

MR. ROBERT T. PICKETT DEAD

Former Superintendent of Streets Passed Away Sunday Night.

Mr. Robert T. Pickett, former superintendent of streets, died at his home, 809 South Tenth street, Sunday night at 9:30 o'clock, after an illness of three or four days of acute indigestion. His condition was not thought to be serious and his death came as a great shock to his many friends and loved ones. The deceased was 59 years old and was well known and highly esteemed by a large number of friends. He is survived by his wife and three sons, Messrs. J. W., I. C. and R. C. Pickett, all of this city. The funeral services were held from the late residence at 3 o'clock yesterday afternoon, conducted by Rev. John B. King, and the interment followed in Bellevue cemetery.

DEATH OF MRS. STRICKLAND.

Passed Away at Her Home at Carolina Place Sunday Afternoon.

Mrs. Mary E. Strickland, wife of Mr. R. C. Strickland, died at 5 o'clock Sunday afternoon at her home at Carolina Place. She was 69 years old and leaves a husband, three single daughters and one married daughter. The remains were carried to Rose Hill on the 7 o'clock train last evening and the funeral and interment will occur there today. Many friends deeply sympathize with the grief-stricken members of the family in their sad bereavement.

LOOKING FOR DESIRABLE SITE

President Archibald Meldrum, of Southern States Cotton Oil Refining Co., Here Perfecting Plans to Erect Plant.

Mr. Archbald Meldrum, president of the Southern States Cotton Oil Refining Company, a well known milling expert, interested in a number of prosperous enterprises, arrived in the city yesterday morning on the Clyde Liner Carib from New York iCty, and is perfecting plans for the erection of the big oil refinery in this city.

The company holds options on several desirable pieces of property and the selection of the site will be made while Mr. Meldrum is in the city.

As was stated in The Star a few days ago The Southern States Cotton Oil Company, capitalized at a million and a half dollars, was recently organized with Mr. Archibald Meldrum as president; Mr. W. E. Worth of Wilmington, vice president; Mr. James Meldrum, of Wilmington secretary and treasurer; Mr. T. J. Horton, Dr. Z. M. Caveness and R. R. Creech, of Zebulon, N. C., and Mr. John R. Turner, of Jersey City, N. J., directors. The company proposes to erect in this city a large refinery at a cost of between $250,000 and $300,000. Two crude oil mills will be erected, one at Jackson and the other at Whitakers, which are to cost about $40,000 each. The company is erecting the oil mills in order that it may have a full supply of crude oil at all times for refining and not be dependent upon the open market for the crude product. The crude oil will be shipped to the refinery in this city, where it will be manufactured into various refined oils, such as Summer yellow oil, Winter yellow oil, salad oil, compound lard and the many other by-products of crude cotton seed oil. The officers of the company are experts with many years' practical experience in the business and the success of the undertaking is assured.

It is hoped to have the oil mills in operation in time for the next season's crush and just as soon as possible thereafter the refinery will be put into operation. The contract for the machinery for the refinery, which will have a capacity of 800 barrels a day, has been let to Allbright-Nell Company, of Chicago, as stated in The Star a few days ago.

In addition to his connection with the new enterprise Mr. Meldrum is president of the Chemical and Engineering Company, of Zebulon and Wilmington; vice president of the Zebulon Cotton Oil Company, and president of the Southern Spinning and Manufacturing Company, of Zebulon. Mr. Worth, the secretary and treasurer, is well known as one of the city's most prominent business men, being connected with W. E. Worth & Co. and the Universal Oil and Fertilizer Company.

The following taken from The National Provisioner, of New York and Chicago, will be read with interest in connection with the new company:

"The Southern States Cotton Oil Refining Company, announcement of the formation of which was made in the columns of the National Provisioner some months ago, has let the contract for the erection of its new refinery at Wilmington, N. C., which will have a capacity of 800 barrels per day. This plant will be built and equipped by the Allbright-Nell Company, of Chicago, who are experts in oil and lard refining.

"The company is now building two crude oil mills, one at Jackson, N. C., and the other at Whitakers, N. C., which are to cost $40,000 each. The cost of the refinery at Wilmington will be over a quarter of a million dollars, and the plant will include equipment for refining all grades of oils, making compound lard, etc. A complete by-product business will be engaged in by the company. The concern is capitalized at $1,500,000.

"The president and active head is Archibald Melrum, the well known milling expert, who is at the head of various similar enterprises in the southeast. W. E. Worth, of Wilmington, the oil and fertilizer manufacturer, is vice president. The mills will be in operation in time for next season's crush, and the refinery will be completed as soon thereafter as possible."

Lost Bag of Money.

Mr. G. R. Brervaldo, a collector for E. L. Mathews Candy Company, reported to the police yesterday afternoon that he lost a bag of money and two checks in the store of R. D. Bizzell, colored, while on a collecting tour yesterday afternoon. He collected a bill from Bizzell and says he left the bag on the counter while he stepped in another room to use the telephone, after which he went across the street without thinking about the money until he reached the other store. He returned to Bizzell's, but the bag was gone. The bag contained two checks, one from J. S. Westbrook for $1.70 and one from R. D. Bizzell for $5.00, and $34.54 in cash. At the time there was no one in the store except Bizzell and a colored boy.

Death of Mrs. Maude Nixon.

Mrs. Maude Nixon died at her home, 905 Orange street, at 2:30 o'clock Sunday morning after a short illness. She was 28 years old and is survived by a husband. The announcement of her death was received with sincere regret by a large number of relatives and friends. The remains were carried to Topsail Sound yesterday morning and the funeral and interment took place there yesterday.

HIS CONDITION SERIOUS

Train Ran Over Aged Colored Man and Cut Off Both Legs.

Harry Pierce, an aged negro, met with a fearful accident yesterday morning about 10 o'clock, when he was struck and run over by a Coast Line train, which severed both legs below the knee, in the vicinity of Chadbourn, Sash, Door and Lumber Company's plant, on Sixth street. His condition is extremely serious and it is hardly probable that he will recover.

The accident as told by the train crew seems to have been unavoidable. Pierce resides at No. 802 Brunswick street and is believed to have been returning home by way of a path leading over the railroad at this point, which is used by people in this section. He had crossed the main track and was going through the yard of the lumber company when he walked on the spur track, and was struck and run over by the train backing up into the siding. The train was composed of three cars and a shifting engine and members of the crew stated they saw the colored man and made every effort to avoid the accident. He was shouted at and the engine bell was ringing, but he seemed apparently deaf to any of the warnings. After he had been so terribly injured he talked rationally to those who assisted him away from the track. He was carried to the James Walker Memorial hospital, where he is receiving attention.

Pierce is believed to be some 85 years old. He works at times as a wood sawyer and has been on the county's outdoor pauper list for several years.

IT COSTS TO MAKE THREATS.

Cowlen Potter, Unable to Give Bond, Gets Six Months.

In default of $50 bond to keep the peace for six months, Cowlen Potter, a white man, will have to serve 30 days on the roads to pay costs in the case and spend the remainder of the six months in the county jail.

Potter was arrested Sunday afternoon by Deputy Sheriff J. M. Branch on a peace warrant sworn out before Justice Bornemann by T. W. Callihan, who said that Potter had been to his house, accused him of owing him some money and upon his refusal to pay it threatened his life. The warrant was served in a short time after it was issued and Potter lodged in the county jail to await a hearing at 10 o'clock yesterday morning, being unable to give the $200 bond required of him. The case was heard before Justice Bornemann yesterday morning and the verdict was as above given.

Funeral of Mr. Ernest R. Shields.

The funeral of Mr. Ernest R. Shields, who was shot and almost instantly killed Friday about noon by Mr. Joseph Stephens, was held from the residence of Mr. Pierre Harris, 318 Church street, brother-in-law of the deceased, at 8 o'clock Sunday morning, conducted by Rev. W. E. Hocutt, pastor of Bladen Street Methodist Church, assisted by Rev. C. F. Whitlock, pastor of Brooklyn Baptist Church, and Rev. G. A. Martin, pastor of Southside Baptist Church. Accompanied by relatives and friends the body was taken to Southport on the 9 o'clock trip of the steamer Wilmington Sunday morning and the interment was in the burying ground of Mrs. Shields' family about three miles from the town.

MRS. LUCRETIA RUSSELL DEAD

Former Resident of Wilmington Died in Savannah, Ga., Yesterday.

Mr. James H. Chadbourn received a telegram yesterday morning from Captain Charles S. Ellis, of Savannah, Ga., announcing the death of his sister, Mrs. Lucretia Russell, relict of Mr. Henry P. Russell, which occurred in the Georgia city yesterday morning. The remains will arrive in Wilmington at 1:25 o'clock this afternoon and will be taken immediately to the First Presbyterian Church, whence the funeral will be conducted at 4:30 o'clock. The interment will be in Oakdale cemetery. Accompanying the remains will be Captain Ellis and his daughter.

Mrs. Russell was a daughter of the lamented Captain Chas. C. Ellis and was born in Wilmington, where she was well known and most highly esteemed. She was a woman of lovely Christian character and a devoted member of the First Presbyterian Church. For ten years or more she has been making her home in Savannah, Ga. She was in the 78th year of her age and is survived by a brother, Captain Ellis, and a large number of grand children.

MANY CASES AGAINST WINNER

Witness Say Near-Beer Dealer Has Sold Whiskey on Numerous Occasions—Heavy Bond Required—Cases.

As the result of revelations made at yesterday's session of the Recorder's court when John Williams, colored, was on trial in two cases for selling whiskey, M. L. Winner, near-beer dealer at northwest corner of Front and Dock streets, a former offender, was arrested at 11:50 o'clock yesterday morning by Patrolman C. E. Wood and was required to give $1,000 bond for his appearance in court today. Hon. John D. Bellamy is his bondsman.

John Williams, colored, is a huckster at the city market and was arrested Saturday night by Sergeant H. W. Howell on warrants charging him with selling whiskey to Hubert Grady, colored, in two instances. He was represented by L. Clayton Grant, Esq., but made no defense. In fact, instead of making a defense the negro made a full confession and stated in addition that he had sold much whiskey recently as the agent of M. L. Winner. Williams pointed out in the court room several of his customers and they testified to purchasing whiskey. Sentence in Williams' case was reserved and a warrant was immediately issued for Winner and placed in the hands of Office Wood for service. Both City Attorney Herbert McClammy and County Attorney Marsden Bellamy appeared for the State.

Winner was before the Recorder a short time ago on the charge of selling whiskey and was fined $200 and taxed with the costs in the case.

James H. White, 12 years old, whose name does not indicate his color, was before the Recorder on the charge of stealing The Morning Star from the doorsteps of subscribers. The youth was captured Sunday morning by one of the city circulation men. He met the negro on the street with a bundle of papers under his arm and had reason to believe that he stole them. The boy said that he had purchased them at the office and the circulation man asked him to go along with him and he would see if his statement was true. Just before reaching the Star office the boy acknowledged that the papers were stolen, and, according to his statement, he has a dog which is trained for that purpose. He said that he walked along on the sidewalk and the canine went to the door steps of subscribers and secured papers for him. The boy made no statement at the trial. The Recorder gave him 30 days on the county farm. Several negro youths have been arrested before this, but on account of their youth were released upon the promise of the parents to give them a good thrashing. This did not break up the thievery and notwithstanding their tender ages they will likely be punished in the future like the White boy.

LEGAL QUESTION RAISED.

Claim and Delivery Proceedings and the Impounding of Stock.

An interesting legal point was raised in Justice Harriss' court yesterday afternoon and it is very probable that the case in question will be carried to the Supreme Court for decision. The question, in short, is whether or not claim and delivery proceedings are legal in cases where cattle have been impounded. It will be recalled that some days ago that Mr. A. O. McEachern's cow strayed to the field of Mr. Woodus Bonham, some two miles away. The cow was caught and put in Mr. Bonham's stables and he demanded of Mr. McEachern damages in the sum of $25 for destroying several hills of corn. Mr. McEachern had claim and delivery papers issued and Deputy Sheriff Howe went to Mr. Bonham's and got the cow, Mr. McEachern giving bond for twice the value of the animal, $80.

The hearing was before Justice Harriss yesterday afternoon at 5 o'clock. A. J. Marshall, Esq., who represented the defendant, contended that there is a statutory law governing the impounding of cattle and provides that a person taking up stock shall be paid 50 cents for the first day and 25 cents for each day thereafter, and is entitled to damage where the crop is damaged, the settlement of which should be left to two freeholders, who, failing to agree, shall call in an umpire, and their decision shall be final. He contends that the claim and delivery proceedings in this case is illegal. The plaintiff was represented by Brooke G. Empie, Esq., and his contention was that the $80 bond given by the plaintiff was sufficient security for the defendant and that the claim and delivery was the proper course to pursue.

The defendant did not set up a claim for damage in court and the justice allowed him 50 cents as provided for in the statute where cattle are impounded and gave the plaintiff the possession of the cow, from which decision the defendant took an appeal to the Superior Court. Mr. Marshall stated after the trial that he would very likely carry the case to the Supreme Court as this was an entirely new question to be settled.

RECORD BREAKING CROWD.

Gay Lumina Taxed to Its Capacity for Flag Dance.

"The Flag Dance" at gay Lumina last night attracted the largest crowd in the history of that widely known and popular amusement resort, standing room being at a premium. Lumina has been the scene of many brilliant affairs which were attended by tremendous crowds, but small in comparison with the number there last night, and despite the crowded condition of the spacious pavilion all had a most delightful time.

More than 4,000 flags of different Nations were used in the decorations, the United States flag predominating, of course. The flags were tastefully arranged and Lumina presented a pretty scene indeed. Flags were given out as souvenirs and 700 dancers took part in the grand march.

The music was arranged especially for the dance and was fully up to the very high standard of the Lumina Orchestra. The dance will go down in the history of Lumina as the largest attended and most enjoyable of the many pleasurable events given there. The decorations will remain up for several days. The idea was that of Mr. Jno. F. Kneisel, director of the orchestra, and the decorations were by Mr. E. C. Hudson.

NEGROES THRONGED CITY.

Colored Excursion From Hamlet Yesterday Largest on Record.

An excursion over the Seaboard from Hamlet and intermediate points yesterday, consisting of 33 coaches in three sections, brought over 1,200 colored people to the city. This is easily the largest of the present season and is undoubtedly a record crowd. The train, in charge of Capt. J. C. Jones, came in shortly after 9 o'clock and started on the return trip last night at 8 o'clock.

As a result of the unusually large number of excursionists in the city the steamer Wilmington carried what is believed to be the largest crowd of the season on any one trip to Carolina Beach. The excursionists flocked to the steamer's wharf and the crowd was so large that the boat was compelled to leave 10 minutes ahead of the regular 2:30 o'clock scheduled time. The same crowd returned to the city in time to leave on the return trip. No accidents or disorder of any kind was reported in the city or at the beaches.

ONE OF THE OLD SCHOOL.

Rev. Joe Davis, Colored, Passed Away at Advanced Age Saturday.

(Communicated.)

Rocky Point, N. C., July 12.—Rev. Joe Davis, colored, aged 67 years, passed away at Rocky Point Saturday. He was a valued slave of the late Dr. W. W. Lane and was highly esteemed by all who knew him. During the years '68 to '70 he was elected magistrate during G. Z. French's regime, but he so conducted himself as to make friends of both races. His wife preceded him three months, since which time he has been confined at home. He was a public spirited citizen and was active in all good works to upbuild his race. He managed to buy a home and was comfortably situated on a portion of his former owner's plantation. Funeral services were conducted by his pastor, Rev. W. B. Williams, of the A. M. E. church. Thus departs an old time, honest negro, who left a good name worthy of emulation by the young of his race.

Memory Studies.

A small boy went into a South Boston drug store, wrinkled his face, rubbed his head and rubbed his left foot up and down his right leg in an effort to remember something that had escaped him.

"Say," he began, "will you tell me the name of the place where we Americans have so many soldiers?"

"Fort Sheridan?"

"Oh, no. It's farther away than that."

"The Philippines?"

"That ain't just it, but it's somewhere around there."

"Perhaps you mean Manila?"

"Manila! That's right! I knew I would get it after awhile. I want a bottle of manila extract for flavorin'. They're goin' to have ice cream."—Boston Record.

Old Time Temperance.

The first temperance society is said to have been founded by Margrave Frederick V. in 1600, and it is instructive to learn that the noble members of that society were bound by a pledge good for two years not to drink more than seven bumpers of wine with any meal nor more than fourteen bumpers a day. They were, however, permitted to quench any surplus of thirst with beer and to drink one glass of whisky on the side. By this ideal of abstention may be gauged the ordinary drinking habits of our forefathers in the good old times when knighthood was in flower.—Morris Hillquit in Socialism.

His Walking Papers.

"My sister 'll be down in a minute," said little Clarence, who was entertaining the young man in the parlor. "I heard her tellin' maw a little while ago that she was goin' to give you your written permission to perambulate tonight. What do you reckon she meant by that?"

"I think I know, Clarence," said the young man, reaching for his hat. "You may tell her, if you please, that I have decided not to wait for it."—Exchange.

Barring It Out.

Irate Parent — So you think my daughter loves you, sir, and you wish to marry her? Young Lover—That's what I called to see you about. And if you don't mind I thought I'd just ask first if there is any insanity in your family. Irate Parent—No, sir, and there's not going to be any.—London Express.

Parliamentary Procedure.

"How about my letter of proposal?" demanded the young congressman.

"It has been advanced to a second reading," answered the haughty Washington belle.—Kansas City Journal.

To draw a caricature of our contemporaries is not difficult. It requires only a small portion of talent and a great want of courtesy.—Disraeli.

Time to Go.

"I wonder how many of those connected with newspapers," said a reporter, "remember the famous dispatch sent by a press telegraph operator at the time of the San Francisco earthquake. It was the only smile raiser in the whole horrible catastrophe. It read something like this: 'The building is beginning to rock, bricks are falling about, and it's me for the simple life.' Then it trailed off as if the operator had scooted for the open door, or wall, perhaps. This dispatch was handed about the newspaper offices and made all the boys laugh in spite of the serious picture it called to mind.—Philadelphia Ledger.

Reasons For Cannibalism.

According to a writer in a French review, there are three causes for cannibalism. It is due either to necessity, pleasure or fashion. Twenty per cent of the cannibals, we learn, eat their dead to honor them. The ancient Tibetans belonged to this class. This is sentimental anthropophagy. Nineteen per cent eat their great warriors to obtain their courage. This is designated egotistic anthropophagy. Twenty-nine per cent eat human flesh to punish their enemies and 32 per cent because it is the fashion or because they consider the flesh savory.—Indianapolis News.

Fat Singers—Why?

A medical gentleman, writing in Comoedia, explains that the physical massiveness of the majority of famous singers comes mainly from abnormal development of the lungs. We must confess that we had been under the impression that it was due to a laudable effort to make grand opera amusing.—Punch.

He who foresees calamities suffers them twice over.—Porteous.

"THOUSAND ISLANDS"

Some large enough for only a mat of green sod and a clump of trees, others supporting farms and hotels and golf courses, with the beautiful St. Lawrence rippling around and among them, miles in width from American to Canadian shore—such is one of the great resort places of North America, the famous Thousand Islands.

Here motor-boating, fishing, rowing, golf, tennis and picnics out of doors; dancing, concerts and the usual entertainment of the high-class hotel indoors, may prove just what you are looking for this Summer.

There are Through Cars From New York

to the Thousand Islands, Saratoga Springs and the Green Mountains, and through cars from Philadelphia to the Adirondack and Catskill Mountains. Your local ticket agent will gladly give you full information.

A DELIGHTFUL NORTHERN TOUR.

Personally Conducted to Washington, Niagara Falls, Toronto, Thousand Islands, Montreal, Quebec. Four days in New York City, at very attractive rates, via

SEABOARD AIR LINE.

Mr. C. H. Gattis, D. P. A. and Mr. Jas. Ker, Jr., C. P. A., Seaboard Air Line, are arranging what will certainly be the most popular and delightful tour of the season, especially is this so as the party leave the Carolinas on September 1st, 1909, the most delightful time of the whole year to go on your Summer trip, and they will visit all the principal points of interest in the North—Washington, Niagara Falls, Toronto, Thousand Islands, Montreal, Quebec, Saratoga, Ausable Chasm, Four days in New York City, and Philadelphia, and all the New York theatres will be open for the Fall. An attractive feature of this tour will be the trip up the Historic Potomac, passing the Grand Old palatial home of "The Father of His Country."

The trip is to be made at the lowest possible figure consistent with the first-class hotels and other things connected with the tour, which will include railroad fare, Pullman, hotel accommodations, meals, sight-seeing trips, transfers and in fact, everything, with the exception of meals in New York, and a few other minor expenses, nearly all the sight-seeing trips are included. This last feature is a very good one as it will enable the party to spend their time seeing the sights without the bother of the details, which will be looked after by Mr. Gattis and Mr. Ker, both of whom have had wide experience in this branch of the passenger service. Time will be spent in Toronto during the Canadian Exposition, and stops will be made at all points of sufficient length to enable the party to see all the points of interest without hurrying. Mrs. Gattis and Mrs. Ker will chaperone the tour, and ladies should not hesitate to go alone. The tour will prove a most attractive one. A very attractive illustrated booklet containing detailed information can be had upon application by letter or in person to the undersigned, and those interested should write at once, as the party will positively be limited, and those applying first will get the lower berths, so it will be to your advantage to book early. Every detail has been arranged with the view to making this a most delightful and comfortable tour for all.

SPIRITS TURPENTINE

—Washington, D. C., July 10.—Ex-Mayor S. S. McNinch, of Charlotte, who boasted that he was a Roosevelt Democrat, is here seeking a Federal job. He called at the White House today in an effort to see the President.

—Burlington, July 10.—Another blow has been dealt near-beer, this time at Graham. At a recent meeting of the city fathers a license tax of $500 was agreed upon and is effective after August 10th: Burlington recently placed a tax of $1,000 upon the article.

—Wadesboro Ansonian: The Ansonian's McFarlan correspondent furnishes the following interesting railroad news: The Atlantic Coast Line has a corps of civil engineers in camp here, surveying the road preparatory to straightening the railroad from Cheraw to Wadesboro to connect with the Winston-Salem Southbound.

—Winston-Salem, July 10.—The arrival here of two miniature railroad engines with 80 feet of track, caused considerable interest. It developed that Mr. H. Miller, the inventor and Mr. J. M. Purcell and associates, were here to make a demonstration. It is claimed that the invention will minimize head-on collisions and wrecks. A large steam locomotive is being built for demonstration purposes.

—Fayetteville Observer: The reports from different sections of Cumberland county that have been heard from by the people who have been in town this week, indicate good crops generally, more especially corn crops. While there are some people who complain of the drought and others who say that they have had too much rain, taken all together, the crops are good in this county.

—Reidsville, July 10.—The peculiar tricks of Cupid were again illustrated in marriage, which took place at Pelham. While Mr. J. T. Gammon, of Ruffin, went to Wentworth to get a marriage license, Mrs. Mary Stallings, of Ruffin, changed her mind and accepted the offers of Mr. J. T. Barker, another citizen of Ruffin, and they hied themselves off to Pelham, where the knot was tied.

—Asheville, July 10.—The Southern railway so far has failed to clear Cowee tunnel on the Murphy division. The cave-in occurred more than two weeks ago and is providing a troublesome proposition. As fast as earth is taken out more comes falling in. The forces are working day and night, but it is thought that it will be at least ten days before the tunnel can be cleared. The people on the Murphy branch are suffering badly on account of the trouble from lack of freight traffic. Necessities for the people are being routed by Knoxville, a circuitous way.

—Mount Airy, NN. C., July 10.—The North Carolina Farmers' Protective Association held their annual meeting at this place yesterday and transacted the usual business. Those who attended were in earnest and showed by their actions that the tobacco growers of Surry county are not satisfied with trust prices and trust methods in general. The organization is in fine shape in Surry county and every member seems fully alive to the true situation and are determined to compel the trust to pay more for tobacco Mr. R. K. Simmons, the State president, is a great worker and the farmers have shown great wisdom in placing him at the head of the association.

—Durham, July 10.—Mr. B. Lovenstein, a young attorney, has decided to open a handsome tonsorial and bootblacking parlor in the Arcade, the adjoining storerooms at the new picture theatre and will be ready for business in three weeks. Mr. Lovenstein is back from Richmond and Norfolk, where he went over the cities to get points upon his new enterprise. He has not seen anything of the kind tried in this city. He means to have eight handsome shine chairs and four barber chairs in his place besides magazines and papers for his friends to read between waits. He has purchased a big lot of office fixtures and will try the business in connection with the practice of law. Mr. Lovenstein formerly lived in Salisbury.

—Asheville, July 10.—A story was brought to town today from the Avery Creek section of the county to the effect that the body of John Hunter, who disappeared from his home in Avery's Creek two months ago, had been seen floating down the French Broad river; that the body was identified, and that it was seen on some driftwook and that it was fearfully cut up. It was further reported that the people who saw the body attempted to take it from the waters, but were unable to do so on account of the swollen stream. The story could not be verified, but since Mr. Hunter, an ex-Confederate soldier, disappeared so mysteriously, and the belief that he was murdered, the story of the discovery of the body in the river finds credence in certain quarters. Hunter was one-armed and 70 years of age. He disappeared from his home in Avery's Creek, May 4, and since that time nothing has been heard from him. Friends and relatives have written and telegraphed to all relatives at a distance, but no trace of the man could be found.

Life 100,000 Years Ago.

Scientists has found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. Today the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Lungs, Colds, obstinate Coughs, and prevent Pneumonia, its the best medicine on earth. 50c and $1.00. Guaranteed by R. R. Bellamy. Trial bottle free.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, July 12.—A heavy general buying movement in the cotton market today inspired by unfavorable weather reports from Texas sent prices to new high records for the season, with all new crop deliveries selling at the highest prices they have reached for years at this period of the season so near the new crop movement. The market closed firm at a net advance of 25 to 31 points. The market opened firm at an advance of 6 to 13 points on over Sunday buying orders and steady cables. At first there was some hesitation owing to a crop report by a leading New Orleans authority indicating a distinct improvement in the condition of the crop since the last report, but after selling off to within 3 or 4 points of the closing figures of Saturday the market rallied sharply on the detailed weather reports from Texas. These showed a continuation of dry and very hot weather over the week end and with the Western belt forecast holding out no hope of immediate moisture serious apprehensions as to the welfare of the Texas crop quite over balanced the more encouraging general condition report mentioned above. Early sellers became buyers, and many of the people who had taken profits on long cotton toward the close of last week appeared to be re-entering the market on the long side. At any rate trading became tremendously active. October contracts sold up to 12.72 and December at 12.75 or 29 to 31 points net higher and very nearly half a cent a pound about the low prices of last Friday. The market closed within a point or two of the top in spite of heavy realizings and offerings were so well absorbed during the entire session as to suggest a remarkably strong bullish average of opinion as to the ultimate course of prices. Southern spot markets officially reported early were unchanged to 1-4 higher. In addition to the outlook for continued dry weather in the Western belt local showers are forecasted for parts of the Eastern belt where rains are not considered desirable.

Receipts at the ports today were 2,419 bales against 2,217 last week and 6,055 last year. For the week 20,000 bales against 18,897 last week and 25,504 last year. Today's receipts at New Orleans 630 bales against 715 last year.

Spot cotton closed quiet, 30 points higher. Middling uplands 13.10; middling gulf 13.35. Sales 11,500 bales.

Futures opened and closed firm.

THE DRY GOODS MARKET

(By Wire to the Morning Star.)

New York, July 12.—Cotton goods prices advanced sharply in the market during the day. Fruit of the loom and lonsdale bleached cottons were advanced 1-2c a yard and staple ginghams were advanced in proportion. The demand was active. Yarns advanced and were in better demand. Dress goods of a staple character are being bought more freely from jobbers. The market in most lines showed a more active trend.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, July 12.—The speculations in stocks maintained a waiting attitude today but in more confident mood than was evident last week after the disappointing response to the favorable reports. The professional element had the narrow market largely to themselves. They showed no increased attention to sell short. Commission houses reported slight increase in buying orders from outside sources.

The sluggishness of the demand may be attributed to the desire for more assured information on the crop outturn.

Cotton rose again under the influence of fears of harm to that crop.

United States Steel moved easily and without encountering serious obstacles to its previous record level at 69 7-8.

News developments were followed with languid interest.

Bonds were steady. Sales par value were $3,762,000. United States 4s coupon declined 1-2 per cent on call.

Total sales today 450,400 shares including sugar 700; tobacco 600; L. & N. 1,300; N. & W. 4,900; Reading 58,500; Sloss 200; U. Pacific 39,800; Southern Railway 1,000; pfd 200; U. S. Steel 126,800; Virginia-Carolina Chemical 4,900; Tennessee Copper 100.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, July 12.—Money on call easy 1 5-8 to 2 per cent.; ruling rate 1 3-4 per cent.; closing bid 1 3-4; offered at 1 7-8. Time loans firmer; 60 days 2 to 2 1-4 per cent and 90 days 2 1-2 per cent.; six months 3 1-4 to 1-2 per cent.

Prime mercantile paper 3 1-2 to 4 per cent. Sterling exchange weak with actual business in bankers bills at 4.86-15 to 20 for 60 day bills and at 4.8750 for demand. Commercial bills 486 1-2 to 3-4. Bar silver 51 14; Mexican dollars 44.

CHICAGO PRODUCE MARKET.

(By Wire to the Morning Star.)

Chicago, July 12.—Wheat for July delivery sold today at 1.20 1-2—a new high record mark for the season. Aside from the flurry in the July options, however, the market in general was always inclined to be weak, and closed heavy with prices 5 8c higher to 3-4 to 7-8 lower compared with Saturday's final figures. Corn also was weak. Oats and provisions closed steady.

A WINNING STRIDE

(Continued From First Page.)

inning, three additional runs being scored in the second and seventh on two errors, a pass, sacrifice and a double. The feature was Hoffman's beautiful running catch in left field on which he turned a somersault after getting the ball. Score:

Raleigh .....000 200 000—2 5 3
Fayetteville ....010 003 20x—6 8 2

SPURTS.

Another!

Being the fourth straight! (We touched wood.)

The Giants Wilmington-ed Anderson all right, all right.

Goldsboro's going; though Wilmington's waxing strong, all samee.

Throw away your spectacles, and watch our percentage vegetate.

Anderson's tainted offerings held no terror for the Goldsboro Giants.

It looks like we never will be weaned from the error column.

The Kilties danced a Highland Fling all around the prostrate Red Birds.

The hit habit is catching, and the local averages are mounting all the time.

'Rouse mit you' Wilson; there's one or two others wish to land at the head of the list.

Bertram Kite wiggled his willow to advantage, ripping off a two-bagger and a single.

The Railroaders are a game set, and their actions indicate they're in this fight to the finish.

There was timber work galore, and extra-base whacks were as common as brands of near-beer.

Waymack was slightly off his range in the opening session hitting two of the Sailors with the ball.

The new shortstop made a couple of bobbles, but he's a little stiff and hasn't yet found his sea-legs.

The Railroaders simply couldn't parley-vou Ashton's twisters sufficiently to single when hits counted.

Capt. Dick held down a bench role yesterday afternoon, the first time he's been out of the play this year.

Manager Gwaltney now has an aggregation that's going to make a pretty good riffle towards lifting that muslin.

The usual tough luck didn't play a shabby trick on Actor Ashton this time and he kept his hits nicely separated.

It is reported that both Wilmington and Goldsboro are after Pitcher Mayberry, of last year's Wilson team and who has been twirling this season for Danville in the Virginia.

Wily Waymack alternated between cracking Brodie with the ball and deadheading him to 1st, but the foxy Oriole couldn't let the day pass without getting that single.

Might accuse us of slopping over, but we can't help from remembering how Rube Howard put the fixin's to that Wilson last week. It just won't stay forgot.

Rocky Mount had 'em draped on the sacks on one or two occasions, but with the exception of one inning, the only thing the Railroaders could do was to mark time.

Lanky Levy's swat optic was sure not working dim in that game; and he notched his tally stick three separate and distinct times, with one pretty deep dent to represent that three-sacker.

Walsh whipped the locals out at second as fast as they'd attempt to pilfer, with the exception of Brodie, who made a successful try; and they do say Orie lifted his kicks like he was chasing a lost affinity.

HARRIMAN'S SOUTHERN ROAD.

His Directors Chosen for Central of Georgia.

(By Wire to the Morning Star.)

Savannah, Ga., July 12.—J. T. Harahan, president of the Illinois Central Railroad, and George Peabody, of New York, president of the Mutual Insurance Company, were elected directors of the Central of Georgia Railway and were placed on the Executive Committee today. William Nelson Cromwell and J. W. Castles, of New York, resigned. The new members are said to be representatives on the Board of E. H. Harriman.

SEVERE STORM IN CHICAGO.

Wrought Damage in All Parts of City. Sweeping Missouri Valley.

(By Wire to the Morning Star.)

Chicago, July 12.—A storm of wind and rain that was particularly severe in the Missouri Valley tonight swept around until it encircled Chicago, according to reports received by telegraph companies whose wires are in bad shape. Wires are down in every direction from Chicago.

The storm extends from Louisville to Minneapolis and from Kansas City and Dubuque to Cleveland. It is reported to be working eastward.

Sees Mother Grow Young.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50c at R. R. Bellamy's.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds up these organs and there is no danger of Bright's disease or other serious disorder. Do not disregard the early symptoms. Robt. R. Bellamy.

BASE BALL

National League.

New York, July 12.—New York and Pittsburg split up a double header today, the home team being successful in the first, 3 to 2, and being defeated in the second, 9 to 0. The local twirler did not allow a hit after the fourth.

In the second game Camnitz came near blanking New York in hits as well as in runs. The one safety made off him was a scratch bunt by Marquard. The visitors had no trouble in hitting Marquard, whose wildness also was costly.

Keep The Kidneys Well.

Health is Worth Saving, and Some Wilmington People Know How to Save It.

Many Wilmington people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Wilmington citizen's recommendation.

Mrs. L. F. Rivenbark, 517 S. Third St., Wilmington, N. C., says: "Dull, nagging backaches and severe pains in my kidneys caused me considerable amount of suffering. I could not rest well and in the morning when arising felt tired and languid and with no strength or ambition. The kidney secretions were unnatural and deposited a sediment from which symptoms I decided that my kidneys were out of order. When I read of Doan's Kidney Pills, I procured a box from Robert R. Bellamy's drug store and they gave me relief almost immediately. Since then the backache has never bothered me and my kidneys have been normal."

For sale by all dearers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

A Bank With a Record.

Organized in 1888 with capital of $25,000.00, The Wilmington Savings and Trust Co., has earned sufficient profits to increase its capital to $100,000.00, add $150,000.00 to its surplus, and to distribute nearly $125,000.00 in dividends to stockholders. Where do you keep your savings account?

EXCURSION TO WASHINGTON AND NORFOLK VIA ATLANTIC COAST LINE JULY 20.

The round trip rate offered by the Atlantic Coast Line from Wilmington of $7.50 to Washington and Norfolk, (with half rates for children) is the lowest that has been offered with a five day limit and will no doubt be largely patronized by those bent on pleasure, sight seeing and visiting relations and friends.

Both cities are filled with points of wonderous interest and a trip to either is commendable to those who can spare the time, since the fare is within the reach of all and the broadening and educational advantages presented will repay the outlay. Tickets will be good to stop over at Richmond.

Mr. J. D. Edwards the Ticket Agent of the Atlantic Coast Line at Wilmington will be pleased to furnish all information and do all in his power to add to the comfort and pleasure of every passenger. Sleeping car reservations can be made by calling 'phone 160.
